WEDNESDAY, OCTOBER 23, 1889.

REPUBLICAN TICKET.

FOR SHERIFF,
D. L. SWEENEY.

FOR COUNTY CLERK,
JOHN W. SIDLOW.

FOR COUNTY TREASURER,
LAFAYETTE SIMS.

FOR REGISTER DEEDS,
JOHN GOODWINE.

FOR CORONER,
DR. D. D. ROSE.

FOR SURVEYOR,
J. W. HOWE.

COMMISSIONER 3RD DISTRICT,
G. C. PRATT.

SHERIFF SWEENEY after November 6.

PAWNEE county claims 40,000 acres seeded to wheat. Good for old Pawnee.

A VOTE for D. L. Sweeney, candidate for sheriff, is in the interest of the taxpayers of the county.

JOHN W. Sidlow, our next county clerk is winning laurels wherever he goes. He takes well and is a race winner.

If every republican in the county votes and works for the straight republican ticket on election day the victory is ours.

DR. D. D. ROSE for coroner; who doubts that he will make an efficient officer if elected, and we believe he will be?

Our people are clamoring for a good county surveyor and want J. W. Howe elected. He will be the right man in the right place.

If we are allowed to make a prediction on the outcome of the contest for treasurer we would wager our old paste pot that Lafayette Sims would preside over the county cash box one year from now.

We may be a little persistent in our work for republican success in November, but remember we are speaking for the success of each individual republican in the county, who ought to be as deeply interested as we are.

EX-Governor John T. Hartranft died at his home in Morristown, Pennsylvania, on the 17th instant. The governor's name has been prominently before the people as the next commissioner of pensions, vice Tanner resigned.

JOHN W. GOODWINE, our present efficient register of deeds and nominee for reelection to said office, is making but little noise with his canvass, but his influence is made manifest wherever he goes. Goodwine catches the crowd every time.

OUR word for it that in the event a democrat is elected to office over a republican in the county contest, the very men who are responsible for the democrat's election will in two years time ask assistance from republicans for his removal or re-election.

HON. LAFAYETTE SIMS, candidate for treasurer, is an old time campaigner and can be truly counted as being "one of the boys." He is up and doing and will show up one of the prettiest runs on the home stretch ever seen in the political race course. He will win by a good length.

WHAT next? Hon. S. N. Wood and the mortgage companies are having a legal tussle in Stevens and surrounding counties, with Col. Wood accorded the first knock-out. The final result is awaited with much interest to the homesteader of Western Kansas as well as by the loan companies.

THE Garden City Sentinel is becoming quite a sugar plum. We always knew that Editor Gregory had a sweet tooth and was very fond of sweet meats. His work in the interest of sorghum cane and the sugar industry of the state is bound to make itself felt. Just now he is putting in some telling blows favorable to this growing enterprise.

WE are in receipt of the initial number of the Jetmore Republican, published by Hon. W. D. Pratt, which paper without doubt fills a long felt want in that county since the democrats have absorbed all the republican papers for judicial purposes. Mr. Pratt is a little late in the field with his Republican, but he will stir up the animals before he is taken in or we miss our guess. Success to the Republican and the interest he may represent.

IN the consolidation of the FORD COUNTY REPUBLICAN and the GLOBE LIVE STOCK JOURNAL, both of which have been no small factors in the county, it is to be hoped that such a step may be found to be in the interest of the Republican party more than it is in the interest of the individuals who may have a personal or pecuniary interest in the new enterprise. To the party it means much that is of interest to the people of Ford county. To begin with, the county is republican by a good majority, which position it ought to maintain as long as republicans are in the ascendancy in the county. To hold this position there must be unity of action in the party, which cannot be accomplished so long as some of its recognized leaders are found pitted against each other on personal as well as political grounds. So with news journals professing to represent the interests of a people who claim the same political faith, yet work for individual supremacy and frequently detrimental to the party they profess to represent. If perchance they should be published in the same city, as the REPUBLICAN and GLOBE were, then we may say we have a case in point, and one that needs the serious attention and consideration of every true republican in the county. One good paper is worth a dozen poor ones, and when the limited patronage is considered that is usually bestowed upon newspapers, official or otherwise, it makes a vast difference to the publishers whether it is given to one good journal, or whether it is divided among two or more papers drawing patronage from the same source or locality. The journals referred to were running at a loss, and why continue the work when the people were not in the least benefited thereby, but on the other hand were asked to sustain two party organs when one was all they could consistently maintain. The fact cannot be gainsaid that two party organs published in the same city or town, in nine cases out of every ten cause factional interests to arise in the party, which generally results in the defeat of some one or more of its candidates, and the result is democrats profit by the mistakes thus made. We therefore call a halt and ask our republican friends to stand by their party nominees and by their party organ as well, which is to do battle for them. If you do this the victory is yours, as you have a right to claim it in advance, knowing as you do that the majority is with the republicans in the county to begin with. Will you allow it to change? By your suffrage, republicans, you can say most emphatically, "No! Never!"

THE FORD COUNTY REPUBLICAN has ceased to exist, and in its stead springs up the GLOBE-REPUBLICAN, which signifies a consolidation of the GLOBE LIVE STOCK JOURNAL and the FORD COUNTY REPUBLICAN. During the past two and one-half years we have exerted every power within our limited means to give to the public a newspaper worthy of their patronage, and feel that they have appreciated our feeble efforts, and hope they will in the future favor the GLOBE-REPUBLICAN with whatever patronage they may have. With these few brief remarks, and thanking the people of Dodge City and Ford county for the interests they have taken in our behalf, we make our bow, and retire from the journalistic field.

Respectfully,
M. W. SUTTON,
R. E. DEARDOFF.

Too many republicans are inclined to lose all their enthusiasm while in the county convention, or as soon as the work for which they were assembled is completed. Enthusiasm for party is to be admired, but when it is of a spasmodic kind and only used in a convention and at no other time, we are inclined to the belief that it amounts to but little unless it can be applied in a more temperate and equalized manner. A little enthusiasm should be reserved for the nominees of a party, which ought to follow them through the entire campaign up to and including the day of election. Let the nominees be assured that you not only helped to nominate them, but that you also lay claim to having helped to elect them. Such action makes the work light and harmonious, besides more certain of success.

THE time may come—as it usually does—when some of our would-be prominent republicans who are putting in their time on the quiet soliciting votes for democratic nominees, when they will regret their action in the direction above indicated. These fellows, when they show up for official positions a year or two hence, may find out that the success of the republican party in the county cannot be attributed to the work they have done for it. The record is sure to be made, and the soldier element of the party will do it, if nobody else.

THE GLOBE-REPUBLICAN is supporting the republican nominees, because it is our duty as an advocate of republican principles to do so.

LET every "true blue" republican in the county stand by and vote for the republican nominees. If this is done there can be no doubt as to the result.

SENATOR Plumb and Congressman Peters made the rounds of our state sugar mills last week, posting themselves as to the efficiency of the plants and the products realized so they may inform congress that sugar can be made in Kansas, and that, too, at a profit to our people. Messrs. Plumb and Peters take a very great interest in this matter.

G. C. PRATT is the candidate for commissioner, a gentleman well qualified for the important position to which he is aspiring. Mr. Pratt represents a large business interest in this city and county which he has successfully managed for the past two years, and if elected commissioner he will see to it that the county's affairs are managed on systematic business principles.

MR. D. L. SWEENEY, the republican candidate for sheriff, receives the following handsome compliments from two of Pennsylvania's most honored citizens. Compliments thus paid without solicitation, speak volumes for the uprightness and integrity of Mr. Sweeney, and will be received in the same true spirit which prompted the writers to forward them to the chairman of the republican committee. We gladly reproduce the letters:

OFFICE OF LIEUT. GOV.
TOWANDA, PA. Oct. 8, 1889.
To Mr. Andrew Russell, chairman republican county committee.
I am pleased to learn that D. L. Sweeney, now of Ford county, Kansas, was nominated for sheriff. I resided for many years in the same town with him. I was for many years chairman of our republican county committee while he was here. I knew Mr. Sweeney as an active, energetic and always reliable republican, so from principle; while he was always modest and kind to political opponents yet no man was more firm than he in his political faith. He was always of assistance to us. It gives his old friends great gratification on the honor conferred upon him by his adopted state and can assure all that the confidence reposed in him will be well bestowed. Hoping that he may be successful.

I am yours truly,
W. T. DAVIS,
Lieut. Gov. of Penn'a.

TOWANDA, PA., Oct. 9, 1889.
To A. Russell, chairman of the republican county committee, Ford county, Kansas.

I am much pleased to learn that my old townsman and neighbor, Captain D. L. Sweeney has been nominated as the candidate of the republican party for the office of sheriff of Ford county, Kansas. I have known Captain Sweeney for many years intimately and know that he is a tried and true republican, a worthy veteran of the late war, competent and well qualified for the place and if elected sheriff of your county will make an intelligent, competent and honest official. I am very truly
J. ANDREW WILT,
District Attorney, Bradford Co., Pa.

THE long looked for and the much talked of consolidation of the Ford County Republican and the Globe Live Stock Journal was finally accomplished, and the two offices are now merged into one, with headquarters in the Globe building. The friends of the two papers so consolidated will want no better reason for this action, we imagine, than to be assured that it is in the interest of the people; that it means the upbuilding of a better newspaper for our city, county and state; better by way of comparison than either of the former journals ever could claim to have been. It will endeavor to keep pace with the spirit and progress of our people as we may be enabled to understand them; battling for right and justice; defending the honor and integrity of our people when unjustly assailed, as well as cautioning them against wrong-doing, thus assuming to aid them in their daily walks of life. Politically it will be uncompromisingly republican, stronger, if possible, than either of the former papers were, or the strength of both combined. The friends and patrons of the former, we hope may become the friends and patrons of the new paper. The management of the GLOBE-REPUBLICAN will be in competent hands. An experienced journalist will be at the wheel to guide and direct the new craft through the tossing billows of the journalistic sea with safety, and land her in a safe and secure harbor.

Great foresight was shown by Democrat's Family Magazine in publishing, ten years ago, when an International Exhibition was then talked of, a map of the identical site that has now been chosen by the New York Committee for the World's Fair of 1892. In the November number of this famous Magazine (just issued) this plan is reproduced, handsomely executed, and on extra fine paper. It includes all the buildings and the laying-out of the grounds, and to make it more comprehensive, a map of New York City is also given. The description that accompanies these designs gives a better idea of the site than anything that has yet been published. Everybody should possess this number, if only for this feature. The same enterprise is shown through the entire Magazine. "Woman-Novels of America" contains some fine portraits of those with whose names and books we are so familiar. The opening chapters of a serial ("Fiend or Fool?"), by J. H. Connelly, are given, promising to develop

into one of the best of that well-known author's wonderful stories. An interesting article on "Pearls" is beautifully illustrated by J. Carter Beard; and there are, besides, numerous other excellent articles and stories. Fine illustrations constitute a feature of this Magazine; and in the November number there are over one hundred of them. It is certainly the cheapest \$2.00 Magazine in the market. Published by W. Jennings Demorest, 15 East 14th Street, New York.

A Brief Record of The Republican Nominee for Sheriff.

It gives us great pleasure to present to our readers the following brief sketch and letters which have been handed to us for publication in reference to Captain D. L. Sweeney, our candidate for sheriff.

Captain Sweeney was born and raised in the city of Towanda, Bradford county, Pennsylvania, and was left an orphan before he was one year old. He entered the Union army at seventeen and served in company "H" 14th New York Artillery and was discharged as Sergeant. He was afterward 1st Lieutenant and Captain in Co. "K" 12th Pennsylvania Infantry. He was wounded three times. Lost the sight of his right eye at Fort Steadman, Virginia, taken prisoner and confined in Libby prison in Richmond, Virginia. He took part in the battle of the Wilderness, Spotsylvania, Cold Harbor, Petersburg and several other engagements. He has been a member of the G. A. R. for 19 years and is at present commander of the Lewis Post (Dodge City) was sent to Fort Hays and twice to Topeka, Kansas, in the interests of the Soldiers Home recently located at old Fort Dodge, this county. He arrived in this county about four years ago. Bought the relinquishment of a claim for \$150, seven miles west of Dodge City, and lived on it two years. He has since been engaged as a builder in Dodge City, working as a carpenter for day wages first, and afterward as contractor; built the city hall and is at present superintending the erection of the Presbyterian College.

Captain Sweeney's war record is such that at the mention, brings with it a common feeling of sympathetic interest to every old soldier, son of a soldier, or citizens who prize our glorious government and union of States as they now are cemented by the blood of tens of thousands of the best and truest patriots that ever lived. His record as a citizen laboring among laborers, earning a living for himself by the sweat of his brow, and contributing to the general good of all in his intercourse among men, he is just such a citizen whom we ought to prize and encourage in our midst and confidently trust to place in a position of responsibility.—Belfont Ensign.

Republican Convention Resolutions.

The republican party of Ford county, in delegate convention assembled, congratulate the people on the success of American principles, and the campaign of 1888 which culminated in the election of Benjamin Harrison and Levi P. Morton as President and Vice President of the United States, and the reclaiming of the lower house of congress from the control of free trade, democracy, and hence from foreign influence.

2. We endorse the administration of President Harrison, and on behalf of the pensioners of the county, thank Commissioner Tanner for his liberal policy in their behalf, and believing the time has arrived, we advocate the passage of congress, and the approval thereof by the president of service pension law for all honorably discharged union soldiers or sailors.

3. We endorse the administration of Governor Humphrey, and congratulate him upon his management of state affairs.

4. We are earnestly opposed to trusts, combinations, pools and all arrangements that have tendencies to increase the price of any article to the consumer, and demand the enforcement of the anti-trust law passed by the last session of the legislature.

5. We believe that all men are free and equal, that all are entitled to the benefits of the free institution of this country without any distinction to race or color.

6. We pledge to the ticket this day to be nominated the earnest, energetic and undivided support of the republican party of Ford county.

7. WHEREAS, the government of the United States has donated to the State of Kansas the buildings at old Fort Dodge together with about 125 acres of land, upon condition that the state maintain thereon a state soldiers home, and whereas the State of Kansas has established a state soldiers home at said place in accordance with the terms of the donation from the United States government, and

WHEREAS, the amount of land now owned by the state is sufficient upon which to erect a state soldiers home, on the plan provided for in the laws of the State of Kansas to wit: the cottage system.

Now, therefore to secure the perpetuity of the said home at said Fort Dodge, be it

RESOLVED, By the delegates assembled in this the republican county convention of Ford county. That it is the sense of this convention that the county commissioners of Ford county be asked to appropriate the sum of five thousand dollars, or so much thereof as may be necessary, to said home, to be used in the purchase of land, the building of a lateral irrigation ditch to said soldiers home, to be expended for said purposes, in such manner as said board of county commissioners may direct.

8. That we heartily endorse the course of the Hon. S. R. Peters, our member of congress as such representation and extend to him the hearty thanks of the republicans of Ford county for his successful efforts in securing the appropriation of the lands at Fort Dodge to be used as a state soldiers home.

9. That we, the republicans of Ford county do hereby most earnestly endorse our esteemed friend, the Honorable D. M. Frost of this city and county for the appointment to the position of register to the United States land office at Garden City, Kansas.
